

The evolution of pest control

CERTUS

FOR IMMEDIATE RELEASE

February 3, 2021

Certus acquires Bryant Pest Control of Gilbert, Arizona.

Founded in 1995 by Ray and Karla Bryant, Bryant Pest Control has developed a reputation for providing high quality and dependable service to its customers.

Ray Bryant, President of Bryant Pest Control, said, “We had run our company together for over 25 years and were not looking to sell. Then Certus found us. Our main focus was the continued success of our valued employees, many of whom have been with us for years. Certus’ philosophy is People First, and that became clear in meeting with the Certus team. We are confident they will take good care of both our employees and customers as we begin a new chapter in our lives.

Certus was easy to work with throughout the sale process. We continue working together as a team to ensure a smooth transition.”

Mike Givlin, CEO and co-founder of Certus, said, “Ray and Karla have spent 25 years building a great company. We were honored that they chose Certus to carry on the legacy they have worked so hard to create. We will do our best to continue to build on their success.”
